## Pop-Kultur 2016

August 31st – September 2nd, 2016 / Neukölln

Press Release February 3, 2016, Berlin

**Let's do this again: Place and time for the »Pop-Kultur« Festival and the »Pop-Kultur Nachwuchs« program 2016 in Berlin are fixed**

In 2016, »Pop-Kultur« will spread its wings in the Berlin district of Neukölln from August 31st – September 2nd. After the festival celebrated a successful premiere with 10.600 visitors on the premises of the Berghain, in the district of Friedrichshain, the second edition will be held in numerous pertinent locations throughout Neukölln – featuring concerts, readings, talks, DJ-sets, movie screenings and novel performance formats as first performances and premieres.

The independent »Pop-Kultur Nachwuchs« program – placed in the workshops of the Stage Services Company of the Berlin Opera Foundation in 2015 – will also unfold in Neukölln. Once more, young hopefuls and makers of tomorrow will be brought together with musicians and experts from all fields of economy, politics, and music in the direct vicinity of the festival area.

**»Pop-Kultur« is and remains a festival standing for artistic diversity and openness**

Festival manager and CEO of the Musicboard Berlin, Katja Lucker, in cooperation with the two curators Martin Hossbach and Christian Morin, chose specific places in Neukölln, that represent cultural diversity and openness. Since 2015, the festival is a new variable room for Berlin. It's providing a space for the city's professional culture and music scene to exchange with other national and international heads of the creative industry.
